

BEST PLACES TO WORK IN ARKANSAS 2024

HAWKINS-WEIR ENGINEERS

HW Engineers, founded in 1980, has experienced solid growth while maintaining a healthy workplace culture. The company prioritizes exceptional client service through fostering employee satisfaction and career development.

Under the leadership of CEO Brett Peters, HW Engineers boasts a low voluntary turnover rate of 4% and offers unique benefits such as Flex Fridays to give staff every other Friday off, paid-time off starting at 16 days and 100% of health care premiums paid for the full suite of coverage. In addition to an employee stock ownership plan, the firm matches 3% of retirement plan contributions and nearly all staff participate, averaging 5% contributions by all staff members.

Employees enjoy competitive activities, company parties and sporting outings. HW Engineers' commitment to the team has established it as one of Arkansas' fastest-growing engineering consulting firms.
